PROGRAM: THE ROOMS OF YOUR LIFE	
A four-story miniature house is used to demonstrate the concept that our heart is Christ's home. Just as there are many rooms in a house, so are there many areas of our lives. Jean compares the rooms of the house to different aspects of our lives, sharing personal experiences from her own spiritual journey. She also gives many beautiful Scripture verses that have encouraged, comforted, guided and challenged her.

PROGRAM: THE ROOM BEYOND	
This room is an extension to "The Rooms of Your Life" and was prepared in memory of Jean's husband David. The miniature sunroom is a room where we are warmed by the light of the sun. When we leave the earthly house we live in and enter the gates of heaven, we will be in the presence of the Son. There we will no longer need the sun or the moon for the glory of God will give it light.

PROGRAM: THE GARDEN ROOM	
This study deals with emotional and spiritual healing. Jean uses a miniature garden to illustrate the many ways that God brings comfort and hope to those who are hurting. His healing hand can be found not only in living things like butterflies, trees, and flowers, but also in garden objects such as a sundial, a bench, or a statuary. Psalm 34:8 tells us that "The Lord is close to the brokenhearted and saves those who are crushed in spirit."
